TRAVEL ARRANGEMENTS

a. Documents

Although entry into Italy with NATO travel orders and a military ID Card is authorized, a passport is recommended. It is essential when travelling through non-NATO countries (e.g. Austria, Switzerland).

b. Travel by Road

Students travelling by car must possess a valid driving license and insurance Green Card. Speed limits are in force on all roads (90 km/h on normal roads, 130 km/h on the Autostrada). Running lights are to be switched on while traveling on major roads. For further information contact PANDA Section (pers@nciss.nato.int). In case of emergency whilst on the road:

1. On the highways use emergency telephones available at intervals.
2. Off the AutoRoute dial 803 116 for mechanical assistance (Automobile Club Italia) for road information. This service is provided also in English, French and German.
3. General emergencies (Police coordination) : 113,
Health emergencies : 118

c. Travel by Rail

The closest railway station to NCISS is Latina (locally known as Latina Scalo), some 8 km northeast of Latina centre. It is located on the Rome-Naples line.

<http://www.trenitalia.it/>

IMPORTANT! Before boarding the train you must time-stamp / validate your ticket in one of the yellow machines at the head of the platform.

1. From Rome: The journey from Roma Termini to Latina normally takes 40-60 minutes (Fare: approx. € 3,50 2nd class), depending on the type of train (for instance the cost for intercity Trains (IC) the cost is 11,00 EURO). Ensure beforehand, by referring to the train timetable displayed in front of the platforms, that the train is scheduled to stop at Latina, as many trains run non-stop to Formia-Naples. Interpreters are normally available in the Information Office located in the main hall of the Roma Termini station. The last train from Termini to Latina leaves at 22:30.
2. From Naples: Travelling from the south of Italy, take a Naples-Rome train. Ensure that the train is scheduled to stop at Latina as many trains run non-stop to Rome.
3. Train schedule. The train schedule is provided as a hyperlink. Due to the winter schedule / summer schedule change times might vary slightly. Please note that some trains do not run on Sundays.
4. From Latina Railway Station (Latina) to the Hotel or School. As the civilian buses to Latina rarely pass the Hotel or the School, taxi transportation to reach the accommodation is required. Taxi services close completely between 2400 hrs and 0500 hrs, however, night service can be booked beforehand. Taxi fares are subject to night and/or holiday increases. Normal fare to the school/hotel is approximately € 25,00. On Sundays night a Military bus is available at Latina train station at 23.00.
5. There is a shuttle service from Roma Termini and Ciampino Airport and back. The shuttle leaves from Via Marsala (a road on one side of the train station) and the cost is app. 8 €.

d. Travel by Air.

The closest civilian airports are Rome International Airport, "Leonardo da Vinci" at Fiumicino, about 25 km west of Rome and Ciampino, about 15 km southeast of Rome. [Rome Airports](#)

1. From Fiumicino to Roma Termini. After passing through customs, follow the signs "Railway Station". You will find yourself on the top floor of the airport. Tickets for the train to Roma Termini (cost € 11,00) can be obtained from the ticket booths. Here you should also buy your ticket from Roma Termini to Latina, to avoid the queue at Termini Station (this will be a second ticket; one from the Airport directly to Latina is not available). When you buy the ticket from Fiumicino Airport to Latina, check the timetable because the INTERCITY TRAINS going towards Naples and stopping at Latina are more expensive than regular trains. If you do not pay the extra fee for the INTERCITY TRAIN at the Ticket Booth you will be asked to pay an extra fee of approximately of 12 € on the train. There are half-hourly connections from the Airport to Roma Termini, the ride lasts half an hour. After arrival at Roma Termini, proceed as described in "Travel by Rail".

2. From Ciampino to Roma Termini. A combined Bus/Metro service is available from Ciampino Airport to Roma Termini for approximately € 8,00. After arrival at Roma Termini, proceed as described in "Travel by Rail". Inquire how to get back to the airport for your return flight!

3. From the Airports to Latina by rental car. Major car rental agencies are available at the airports. Some of them may offer seasonal or military discounts. Be prepared to present the necessary credentials (Travel Order, ID Card, Group Coverage) to confirm your status. Follow the signs to "Autonoleggio" (rent-a-car) to take you to the car rental offices.

4. By Taxi. A group of students might consider taking a taxi and sharing the cost. After passing through Customs, find the Taxi Information Office. Ask for assistance from the personnel behind the desk. A normal taxi fare to Roma Termini should be approx. € 45,00 from Fiumicino or Ciampino. To Latina the price should be approximately € 130,00. **Do not do business with "unofficial" taxis!**

5. There is a shuttle service from Roma Termini and Ciampino Airport and back. The shuttle leaves from Via Marsala (a road on one side of the train station) and the cost is app. 8 €.

Accommodation

ACCOMMODATION AT NCISS LATINA

There is a provision of 107 single accommodation units available to all students in the form of the Student Quarters. The rooms' standard is up LTC or OF4 and NCOs. When required they can be used in accordance with the requirements of the joining report at no cost to the individual.

Students also have the provision to book hotel accommodation for the duration of the course but this is down to the individual's / nation's involved. The School will take no responsibility for booking hotel accommodation, the standard, or any problems that may occur at the said hotel.

However to aid student placement in accommodation and to devise a schedule for transport to and from the School, please see below for information on hotels in Latina.

Student Quarters

a. On arrival students accommodated in the Student Quarters will need: National Service or NATO Identity Card (Car Registration, Insurance Green Card, Driving Licence if Base parking is required, NATO Travel Order for duty-free gasoline (see Privileges)). Students should bring a copy of the nominating message. Students without proper nomination are not admitted on courses.

1. On arrival at the Base main gate, students must report to the guardroom; after identification, they will be issued a student pass as well as arrival handouts and will be directed to the NCISS Training Building or to the Student Quarters as applicable.

2. Students requiring base parking for their POMV must exchange the Car Registration and/or the Insurance Green Card against a temporary base car pass at the main gate. Provision of a "normal" car pass must be requested separately.

3. Students booked into the Student Quarters must report to NCISS at least one day before their course commences in order to have time to settle into accommodation and carry out arrival procedures. Unscheduled arrivals may cause reception problems.

b. NCISS Student Quarters Rules

1. Single rooms will be allocated where possible. It should be noted that 2 students, regardless of rank, might be accommodated in the same room. Rooms are reserved automatically on receipt of joining reports.
2. A deposit for the room key of € 5,00 is collected on arrival and reimbursed on departure on return of the keys.
3. A telephone set is available in each room. This telephone is intended to permit students to receive incoming calls from either civilian or IVSN systems outside normal working hours. Outgoing calls are not permitted although full IVSN facilities are available during working hours. Wake-up calls are not available. Bring your own alarm clock!!!
4. A laundry service (operated by the cleaning staff) is available in the Students Quarters free of charge. The turn-around time is 1 or 2 days depending on the number of students using the service. There are normally 4 washing machines available on a self-operating basis. Towels are available in limited numbers and are issued at arrival upon request.
5. Ironing facilities are available for use by the students.
6. Cooking is not permitted in the rooms, but there are limited cooking facilities provided in the upstairs common rooms.

7. There are various TV/Video rooms in the Student Quarters with satellite TV and video recorders to suit all international requirements. To prevent misuse there are rules regarding the use of this equipment.

8. Arrangements for dependents are the student's responsibility. Dependents' accommodation is not available on Base. They may have access to the Base (arranged through the Personnel Affairs Office), but must leave by 2300 hrs.

9. Breakfast is not available in the student quarters; however, there is a small kitchen facility in the Student Quarters where students may cook their own breakfast. Refrigerators are also available in all rooms.

10. Free WIFI Internet is available in the accommodation from 1700.

Hotels

It is the sole responsibility of the individual to contact the hotel and confirm their reservation and payment details. Again any cancellations or changes made to the booking is the responsibility of the individual, and it must be stressed that the hotel concerned must be notified of the aforementioned changes within the timescale state on their terms and conditions to avoid monetary charges that may be raised to the student.

In most hotels breakfast is included in the room charge and generally consists of a coffee and pastry, or a limited continental breakfast. One point of note is that if a dependant (spouse), is accompanying the student, all arrangements are the responsibility of the individual concerned, and if any pets were to accompany them please check with the chosen hotel before departure, as pets are not generally accepted by Italian hotels, (if they were to make an exception, the owner would be held personally accountable for any damages or onerous behaviour).

As mentioned on the Shuttle information page, there is a military shuttle service that runs on a pre-determined route, between the larger hotels in Latina and the School. Personnel who are located outside the accommodation on the shuttle route shall be required to make personal transport arrangements to attend their respective courses at the School. Car Rental

Three companies in Latina give NATO discounts; they are EUROPCAR Latina, MAGGIORE and AVIS.

Please note that ALL three companies (EUROPCAR Latina, MAGGIORE and AVIS) request and honour NATO Identification, however it is advisable to present Temporary duty orders, when booking to avoid problems.

When utilising the rental car for local airport transfers, the individual requires to provide the tax exemption statement* to the company representative and refill the vehicle before dropping it off, to avoid IVA Tax and refueling costs, which is levied at the local rate.

While Renting clauses for additional cover on private hire are optional, Rental for official use will attract additional clauses, such as theft and accident protection up to the maximum amount of 40 Euro's.

Please note that the School takes no responsibility for the actions of the companies or their employees and although for official use EUROPCAR provides the best cover, it is in no way endorsed by the School.
